USER EXPERIENCE ARCHITECT — MRM MCCANN 2019 - PRESENT

As a User Experience Architect, my primary role is to help lead and design product UX for both Buick & GMC OEM brand websites, while continuously providing innovation through smart design.

PRODUCT DESIGNER — SOCIALGIST MARCH 2018 - DECEMBER 2019

Socialgist connects data providers to clients and is one of the world's largest distributors of real time social media data. As a UI/UX product designer I was able to lead and design authenticated customer experiences, that allowed users to monitor their data streams and services. Some of my daily tasks included:

- UX Architecture
- UI Design
- Sketch lo-fidelity wireframes
- Design functional prototypes
- Conduct user testing to validate designs
- Created component and brand libraries for design continuity

DIGITAL EXPERIENCE DESIGNER — RIIS MARCH 2016 - MARCH 2018

UI/UX Design. UX Strategy. Listening, hearing, seeing, observing and researching, while creating what is best for the user.

SENIOR GRAPHIC DESIGNER — MONCUR OCTOBER 2015 - MARCH 2016

In charge of designing and creating marketing materials for various clients including designs for responsive based websites, interactive case studies, branding identity and digital media graphics.
